

INTERNSHIP

Shoal Creek Community Church, Kansas City

Daily Schedule

To make a disciple, you must be a disciple so mornings will be given to building intimacy with God and classroom discussion. Afternoons and evenings provide the practicum for Intern teams to build bridges to the unreached communities.

Learn Disciple Making Movements*

The hand of God can be seen around the world in movements. Not the addition of converts but the emergence of disciple making disciples. Global strategists have discovered some transferable principles in these movements that can be learned. Interns will be exposed to the mind shifts and the methods of these movements.

Field Experience

The classroom will spill out into the streets as teams of interns choose ethnic populations in Kansas City to find gateways to the unreached.

Summer Internship with a Global Focus

Shoal Creek Community Church is re-starting its summer internship program which it ran for 11 years.
